Diana J Wallace

With my roots in illustration and art history, I feel I bring a unique perspective to web & app development and I am looking for a position where I can further my career as a junior front–end web developer, and utilize technologies such as HTML5, CSS3, Wordpress, JQuery, and JavaScript to create intuitive, elegant, and cutting–edge web and app designs.

SKILLS:

- Web Skills and Tools: Photoshop, Illustrator, Dreamweaver, Flash, CSS3, HTML5, CMS integration, web standards and accessibility, cross-browser compatibility, JavaScript, jQuery, WordPress, Sublime Text, Cloud9, Git, GitHub, and Chrome Developer Tools.
- Traditional Skills and Techniques: pen and ink, color pencil, gouache, acrylic, oil, watercolor, pastel, charcoal.
- 3d Skills: 3ds Max and Google Sketchup
- Adobe Acrobat Professional, MS Office Suite, Adobe Creative Suite, Google apps, Social Media.
- Strong understanding of industry trends and content management systems
- Skilled in multitasking and working on several projects simultaneously
- Unique ability to improvise, grasp new skills and troubleshoot problems
- Experienced in communicating with the creative team and clients
- Very comfortable and passionate about adopting ideas and bringing them to life through technology
- Well-organized with an ability to prioritize tasks and meet deadlines
- Ability to create responsive web and app designs
